

*Parking & Transit strives to provide exceptional customer service and accurate information, contributing to a safe campus environment for the University community and its visitors.*

The regulation of parking is a service to the university, and is intended to protect student, staff, and faculty pedestrian mobility in fulfilling the class and work schedule itinerary; use available parking space in the best interests of the entire university; and maximize parking area consistent with land needs for the academic function, topography, financial feasibility, and maintenance of the natural beauty of the campus.

**Parking & Transit is supported solely through the sale of permits, fines, and other user fees. It receives no income from state or tuition funds.**

Any suggestions for improvement to Parking & Transit are welcomed and should be directed to [kupark@ku.edu](mailto:kupark@ku.edu).

## 1. GENERAL REGULATIONS

**1.0 The University of Kansas**, through the Board of Regents and its administrative officers, is authorized by state law to establish parking rules and regulations and to provide penalties for infractions of these regulations. Regulations are established by the Parking Commission.

**Any motorized vehicle operated on the property of the University of Kansas is subject to all regulations governing parking at the institution.**

**Parking is restricted year-round.** All campus parking shall be restricted to vehicles with permits which authorize parking in that area or where the meter fee or garage toll has been paid.

**All communication** regarding citations and permits/e-permits will be conducted through email, using university registered email addresses (see Electronic Mail Policy).

**1.1 Traffic Control Booths**, and/or gates, are located at the entrances to central campus in order to control and restrict traffic in the central campus area. During the hours when access to campus is restricted, only vehicles authorized by assigned permit or by a courtesy pass may enter the campus. **The stop sign shall always be observed.**

Generally, traffic is controlled from 7:45 a.m. to 5 p.m. Monday through Friday. Campus may be open for drive through after the last day of finals, until the week before classes begin each semester. During the summer session, access will be controlled from 8 a.m. to 2 p.m. Monday through Friday.

Access to campus via the gate on Sunflower Road, north of Wescoe Drive, is extremely limited. Only vehicles with authorized transponders may enter campus through the gate during restricted hours.

**1.2 Parking & Transit is not responsible** for incorrect information given out by anyone other than Parking & Transit employees.

**1.3 Failure of Parking & Transit to strictly enforce** any parking regulation shall not be construed as a waiver for the future enforcement of the regulation.

**1.4 Tickets are sent via KU-registered email or placed on vehicles at time of issuance.** Parking & Transit is not responsible for tickets removed from vehicles thereafter.

## 2. VISITOR PARKING

**2.0 Visitors** are considered to be persons (other than current and recent students, staff and faculty) who occasionally visit the campus for pleasure,

conferences, or business. Spaces that are designated by "Visitor Parking" or "Guest Only" signs are not to be used by faculty, staff or students. Any person operating a vehicle registered to a current university student or employee is not eligible for visitor status.

**2.1 Access** to central campus is very limited. **Visitors may park** in the Allen Fieldhouse Garage on Irving Hill Road, or in the Mississippi Street Garage north of the Kansas Union (see map), for \$1.75 first hour and \$1.50 per each additional hour. Visitor permits/e-permits are available for a few parking lots where a parking garage is not within a reasonable distance of visitor's destination, and are valid in regular permit stalls or long-term parking meters within the color zone indicated. Several metered and pay-by-phone parking areas are specifically available for the convenience of visitors, including lots 19, 90, 94, 301 and 302.

**2.2 Visitors are required to observe all University of Kansas parking regulations** and to park in designated visitor or metered parking areas. If parked at a meter, all visitors must pay the prescribed fee. Parking tickets are assessed against a vehicle, not the vehicle operator.

**2.3 Visitor permits/e-permits** may be purchased by individuals or departments. (See [parking.ku.edu/visitor-parking](http://parking.ku.edu/visitor-parking) for current rates.) **Faculty, staff and students are not eligible to use daily visitor permits purchased by departments.** In order to be credited for unused visitor permits, departments must return permits on or before the day permits are valid. Unused permits for hooded meters will not be credited. Send email to [kupark@ku.edu](mailto:kupark@ku.edu) to order permits.

## 3. ACCESSIBLE PARKING

**3.0 An ADA license plate or placard is required to park in accessible and limited mobility parking spaces.**

**3.1 Placard/Tag Registration.** Registration of official state-issued disabled placard or license tag with Parking & Transit is required. Owner agrees to follow rules for on campus usage. Failure to register placard will result in a ticket being issued.

**3.2** Motor vehicles which bear an official state-issued disabled placard or license tag which are being operated by or used for the transportation of the registered owner, affiliated with KU, **must also purchase a University of Kansas parking permit/e-permit.**

**3.3 Proof of ownership** of state-issued disabled placard (photo ID with State of Kansas wallet ID card or registration receipt) must be presented for registration and purchase of ADA permit/e-permit, and upon request at traffic control booths in order to gain entrance to the central core of campus.

**3.4 Visitors** with state-issued disabled placard parking on campus 8 a.m. – 5 p.m. Monday through Friday must present identification (see section 3.2) at traffic control booth to verify ownership to park free at meters with state-issued disabled placard; pay hourly toll in parking garages; or purchase a visitor permit/e-permit in the Parking & Transit office, or the traffic control booths located at the Chi Omega Fountain or next to Danforth Chapel.

## 4. STUDENT, FACULTY, AND STAFF PARKING

**4.0 The University of Kansas** maintains various types of parking facilities to meet the needs of faculty, staff, and students. These include regular permit lots, parking garages and metered parking spaces. Some lots are controlled 24 hours per day (see section 7.1). **Owning a parking permit/e-permit does not imply or guarantee a parking space at any particular time and**

**parking privileges may be modified or preempted by the authority of the Chancellor of the university** (see section 9). Since parking is limited, faculty, staff, and students should consider their needs carefully when applying for parking privileges.

**The university assumes no responsibility for security of vehicles or their contents while moving or parked in any area subject to university jurisdiction.**

**4.1 Student.** A person is considered a student if (s)he is enrolled for at least one (1) hour of credit and is not employed in a university support staff (USS) or unclassified position at the university. (S)he is considered a student as long as enrollment is intact (not withdrawn or canceled). Enrollment shall be considered official as of the first day of classes. Graduate assistants are students, not staff.

**4.2 Faculty or Staff.** A person is considered faculty if (s)he has a benefits-eligible teaching appointment, or staff if (s)he has a benefits-eligible USS or unclassified appointment, with the university.

**4.3 Retiree.** A retiree is any faculty or staff person who has retired from the University of Kansas, who has not returned to active employment on campus equal to or greater than 0.5 FTE.

**4.4 Assignment of parking privileges. Faculty and staff** shall normally be assigned red, blue, or gold parking permits. In general, the criterion for blue parking is total of age plus service in State of Kansas employment equaling at least 62, and for gold parking is age plus service equaling at least 70. For gold, the applicant's primary campus location is only accessible from Jayhawk Boulevard. **Students** shall normally be assigned to yellow or university housing.

The Parking Commission has the right to alter or revoke parking assignments as the needs of the individual or the university community change. Zones near the campus shall not be assigned to solve problems such as work assignments or tight schedules. Falsification of any information for the purpose of obtaining a parking permit shall result in the forfeiture of all parking permits/e-permits and paid fees.

**4.5 Appeal of parking assignment.** Individuals who wish to appeal their parking assignments or who need special parking privileges should apply to the Parking Commission.

**4.6 New employees** of the university may, on presentation of a valid staff ID card, offer letter, or written verification by their department head or supervisor; purchase a parking permit/e-permit with cash, check, credit card, or payroll deduction (see section 6.4). Fees will be prorated after October 1.

Temporary employees may, on presentation of written authorization by his or her department head or supervisor; purchase a temporary yellow or red permit/e-permit for the term of their appointment. Inquiries on this procedure should be directed to Parking & Transit.

## 5. PARKING PERMITS/E-PERMITS

Parking permits may be either physical permits or "e-permits" connected to the license plate(s) registered on parking assignee's parking account.

**5.0 Parking assignees may purchase only one (1) permit per person, per academic year. Permits are not valid if not displayed, or if license plate is not visible from the nearest driving lane.** Upon payment of the scheduled fee, parking assignees must register their license plate(s) for e-permits. During times when the lots are being controlled, a parking permit or e-permit entitles the vehicle to park only in zones or lots designated by the permit with the exceptions noted in these regulations.

**Ownership and use of parking permits are not transferable to any other person.** Permits are not to be resold. No person may register a vehicle in his or her name which belongs to another student, faculty, or staff member.

Any person giving false information when registering a vehicle is subject to appropriate disciplinary action and revocation of their parking permit/e-permit and related parking privileges.

Faculty and staff who share a vehicle where one is employed at the university, and the other at the medical center, must register at each campus

if they intend to park at both campuses.

**Faculty and staff whose dependents are students** may allow those dependents to register one commonly operated vehicle for a student parking e-permit in addition to the employee's parking e-permit. If the faculty or staff member has two vehicles registered, and if both vehicles are on the campus at the same time, the vehicle with the student e-permit must be parked in the designated student parking area and not in either the faculty or staff member's zone or in the time limit areas on campus.

**5.1 Annual parking permits/e-permits expire July 31. Parking must be renewed by August 1.** Parking is color coded by zones or to particular lots.

**5.2 Permit for temporary vehicle.** If the primary registered vehicle is out of service, owner must register license plate of the alternate vehicle within one (1) hour of parking. If more than one vehicle is on campus at the same time, a citation will be issued to the second vehicle (in order of being scanned by LPR system).

**5.3 Sold or traded vehicles.** Before selling or trading a vehicle, university parking permit must be removed. Persons unable to comply with this requirement shall be required to pay a prorated price for a replacement permit. If a new license plate is issued, it must be registered before it will be valid with existing e-permits.

**5.4 Lost or stolen parking permits.** The university cannot be responsible for lost or stolen permits. Stolen permits should be reported to the police immediately. Replacement permits can only be purchased after signing form at Parking & Transit for one-half of the prorated fee. **Any vehicle displaying a lost, stolen, forged or altered permit is subject to criminal charges, a fine, towing at the owner's expense, and loss of parking privileges.** Fraudulent report will also result in fine and loss of parking privileges.

**5.5 Revocation of parking privileges.** Parking & Transit has a **no tolerance policy on cheating.** If you forge, alter, or steal any form of parking authorization, or use or display a permit that you have not purchased from the department, **your parking privileges will be revoked for one (1) year,** and a letter requesting disciplinary action will be sent to the Vice Provost for Student Success or Human Resources. This includes "passbacks" in the Allen Fieldhouse Garage or Mississippi Street Garage.

Pass is not to be used for parking to attend class, drive-through only, for long-term parking while at one's regular job station, or for any personal (not employment-related) reason. Abuse of the intended purposes of the pass will result in revocation of both individual and departmental parking privileges.

Departmental pass must be taken to a traffic control booth or the Parking & Transit office in order to receive one courtesy pass, valid up to three hours, and must be accompanied by a valid KU parking permit/e-permit.

Remember, if the sign does not say you can, then you cannot. **Most parking lots are restricted year-round.**

During hours when an area is controlled, parking is restricted to vehicles with permits which authorize parking in that area or at paid meters. Reserved parking spaces are restricted according to the sign posted at each reserved parking space. **No vehicle, with the exception of those displaying a valid accessible placard/tag or a paid visitor permit, may park free of charge at any meter.**
