

*Parking & Transit strives to provide exceptional customer service and accurate information, contributing to a safe campus environment for the University community and its visitors.*

The regulation of parking is a service to the university, and is intended to protect student, staff, and faculty pedestrian mobility in fulfilling the class and work schedule itinerary; use available parking space in the best interests of the entire university; and maximize parking area consistent with land needs for the academic function, topography, financial feasibility, and maintenance of the natural beauty of the campus.

**Parking & Transit is supported solely through the sale of permits, fines, and other user fees. It receives no income from state or tuition funds.**

Constructive feedback for Parking & Transit is welcome and should be directed to [kupark@ku.edu](mailto:kupark@ku.edu).

## 1. GENERAL REGULATIONS

**1.0 The University of Kansas**, through the Board of Regents and its administrative officers, is authorized by state law to establish parking rules and regulations and to assess penalties for infractions of these regulations. Regulations are established by the Parking Commission with the approval of the Provost.

**Any motorized vehicle operated on the property of the University of Kansas is subject to all regulations governing parking at the institution.**

**Parking is restricted year-round.** All campus parking shall be restricted to vehicles with permits/e-permits which authorize parking in that area or where the meter fee or garage toll has been paid.

**Parking spaces are marked** with paint—if there are no painted lines, it is not a parking space. The only exceptions are gravel parking lots.

**A car is considered parked if it is not in motion**, and a ticket may be issued even if you are sitting in your illegally parked vehicle.

**1.1 All communication** regarding tickets and permits/e-permits will be conducted through email, using university registered email addresses (see [University Electronic Mail Policy](#)).

**1.2 Traffic Control Booths**, and/or gates, are located at the entrances to central campus in order to control and restrict traffic in the central campus area. During the hours when access to campus is restricted, only vehicles authorized by assigned permit or by a courtesy pass may enter the campus. **The stop signs shall always be observed.**

Generally, traffic is controlled from 7:45 a.m. to 5 p.m. Monday through Friday. Campus may be open for drive through after the last day of finals, until the week before classes begin each semester. During the summer session, access is controlled from 8 a.m. to 2 p.m. Monday through Friday.

Access to campus via the gate on Sunflower Road, north of Wescoe Drive, is extremely limited to some university service vehicles and public transit buses. Only vehicles with authorized transponders may enter campus through the gate during restricted hours.

**1.3 Parking & Transit is not responsible** for incorrect information given out by anyone other than Parking & Transit employees.

**1.4 Failure of Parking & Transit to strictly enforce** any parking regulation shall not be construed as a waiver for the future enforcement of the regulation.

**1.5 Tickets are sent via KU-registered email and/or placed on vehicles at time of issuance.** Parking & Transit is not responsible for emails not read by recipient or tickets removed from vehicles thereafter. If a ticket is issued to a student, FERPA prohibits us from discussing the situation with anyone other than the student. Tickets issued to non-students may not be discussed with anyone other than the person cited.

## 2. VISITOR PARKING

**2.0 Visitors** are considered to be persons (other than current and recent students, staff and faculty) who occasionally visit the campus for pleasure, conferences, or business. **Spaces that are designated by “Visitor Parking” or “Guest Only” signs are not to be used by faculty, staff, or students.** Any person operating a vehicle registered to a current university student or employee is not eligible for visitor status.

**2.1 Access** to central campus is very limited. **Visitors may park** in a parking garage (see [map](#)) for \$1.75 first hour and \$1.50 per each additional hour. Visitor permits/e-permits are available for a few parking lots where a parking garage is not within a reasonable distance of visitor’s destination, and are valid in regular permit stalls or long-term parking meters within the color zone indicated. Several metered and pay-by-phone parking areas are specifically available for the convenience of visitors, including lots 90, 94, 301 and 302.

Once parked, visitors may use any bus to get around campus, which is a fare free zone. Bus stops can be found in or near most parking lots; routes and schedules are online at [www.lawrencetransit.org](http://www.lawrencetransit.org).

**2.2 Visitors are required to observe all University of Kansas parking regulations** and to park in designated visitor or metered parking areas. If parked at a meter, all visitors must pay the prescribed fee. Parking tickets are assessed against a vehicle, not the vehicle operator.

**2.3 Visitor permits/e-permits** may be purchased by individuals or departments. (See [parking.ku.edu/visitor-parking](http://parking.ku.edu/visitor-parking) for current rates.) **Faculty, staff and students are not eligible to use daily visitor permits purchased by departments.** In order to be credited for unused visitor permits, departments must return permits on or before the day permits are valid. Unused permits for hooded meters and unused garage validation codes will not be credited. Send email to [eventparking@ku.edu](mailto:eventparking@ku.edu) to order permits.

**2.4 A surcharge** of \$25 will be added to all visitor permits, hooded meters, and garage validation codes ordered less than two (2) business days in advance of the date they are needed.

## 3. ACCESSIBLE PARKING

**3.0 An official state-issued ADA license plate or placard is required and must be displayed to park in accessible and limited mobility parking spaces.**

**3.1 Placard/Tag Registration.** Registration of official state-issued ADA placard or license tag with Parking & Transit is required. Owner must follow rules for on campus usage.

**3.2 Registered owners of motor vehicles** which bear an official state-issued ADA placard or license tag which are being operated by or used for the transportation of the registered owner affiliated with KU, **must also purchase a University of Kansas parking permit/e-permit.**

**3.3 Proof of ownership** of state-issued ADA placard (photo ID with wallet ID card or registration receipt) must be presented for registration and

purchase of ADA permit/e-permit, and upon request at traffic control booths in order to gain entrance to the central core of campus.

**3.4 Visitors** with state-issued ADA placard parking on campus 8 a.m. – 5 p.m. Monday through Friday must present identification (see section 3.3) at traffic control booth to verify ownership in order to park free at meters with state-issued disabled placard; pay hourly toll in parking garages; or purchase a visitor permit/e-permit in the Parking & Transit office or at the traffic control booths located at the Chi Omega Fountain or next to Danforth Chapel.

## 4. STUDENT, FACULTY, AND STAFF PARKING

**4.0 The University of Kansas** maintains various types of parking facilities to meet the needs of faculty, staff, and students. These include regular permit lots, parking garages and metered parking spaces. Some lots are controlled 24 hours per day (see section 7.1). **Owning a parking permit/e-permit does not imply or guarantee a parking space at any particular time and parking privileges may be modified or preempted by the authority of the Chancellor of the university** (see section 9). Since parking is limited, faculty, staff, and students should consider their needs carefully when applying for parking privileges.

**The university assumes no responsibility for security of vehicles or their contents while moving or parked in any area subject to university jurisdiction.**

**4.1 Student.** A person is considered a student when enrolled for at least one (1) hour of credit and not employed in a university staff or faculty position, as long as enrollment is intact (not withdrawn or canceled). Enrollment shall be considered official as of the first day of classes. **Graduate assistants** are students, not staff.

**4.2 Faculty or Staff.** A person holding a benefits-eligible appointment with the university shall be considered faculty in a teaching position, or staff if not in a teaching position; except graduate assistants (see section 4.1).

**4.3 Retiree.** Any faculty or staff person who has retired from the University of Kansas, and has not returned to active employment on campus equal to or greater than 0.5 FTE.

**4.4 Assignment of parking privileges. Faculty and staff** shall normally be assigned red, blue, or gold parking permits. The criterion for blue parking is total of age plus service in State of Kansas employment equaling at least 62, and for gold parking is age plus service equaling at least 70. For gold, the applicant's primary office is in a building located along Jayhawk Boulevard. **Students** shall normally be assigned to yellow, park and ride, or university housing. Freshmen residing off campus may only purchase park and ride.

The Parking Commission has the right to alter or revoke parking assignments as the needs of the individual or the university community change. **Zones near the campus shall not be assigned to solve problems such as work assignments or tight schedules.** Falsification of any information for the purpose of obtaining a parking permit shall result in the forfeiture of all parking permits/e-permits and paid fees.

**4.5 Appeal of parking assignment.** Individuals who wish to appeal their parking assignments or who need special parking privileges should apply to the Parking Commission.

**4.6 New employees** of the university may, on presentation of a valid staff ID card, offer letter, or written verification by their department head or supervisor; purchase a parking permit/e-permit with cash, check, credit card, or payroll deduction (see section 6.4). Fees will be prorated throughout the year.

Temporary employees may, on presentation of written authorization by his or her department head or supervisor; purchase a temporary yellow or red permit/e-permit for the term of their appointment. Inquiries on this procedure should be directed to Parking & Transit.

## 5. PARKING PERMITS/E-PERMITS

Parking permits may be either physical permits or "e-permits" connected to the license plate(s) registered on parking assignee's parking account. Permit enforcement shall be done primarily using license plate recognition software

(LPR). Parking is color coded by zones or to particular lots.

**5.0 Parking assignees may purchase only one (1) permit per person, per academic year. Permits are not valid if not displayed, or if license plate is not visible from the nearest driving lane or was registered incorrectly.** Upon payment of the scheduled fee, **parking assignees must register their license plate(s) for e-permits.** During times when the lots are being controlled, a parking permit or e-permit entitles the vehicle to park only in zones or lots designated by the permit with the exceptions noted in these regulations.

**Ownership and use of parking permits are not transferable to any other person.** Permits are not to be resold. No person may register a vehicle in his or her name which belongs to any other student, faculty, or staff member.

Any person giving false information when registering a vehicle is subject to appropriate disciplinary action and revocation of their parking permit/e-permit and related parking privileges.

Faculty and staff who share a vehicle where one is employed at the university, and the other at the medical center; must register at each campus if they intend to park at both campuses.

**Faculty and staff whose dependents are students** may allow those dependents to register one commonly operated vehicle for a student parking e-permit in addition to the employee's parking e-permit. If the faculty or staff member has two vehicles registered, and if both vehicles are on the campus at the same time, the vehicle with the student e-permit must be parked in the designated student parking area and not in either the faculty or staff member's zone or in the time limit areas on campus.

**5.1 Annual parking permits/e-permits expire July 31. Parking must be renewed by August 1 (staff) or August 21 (students).**

**5.2 Permit for alternate/temporary vehicle.** If the primary registered vehicle is out of service, owner must register license plate of the alternate vehicle within one (1) hour of parking. If more than one registered vehicle is on campus at the same time, a ticket will be issued to the second vehicle (in order of being scanned by LPR system).

**5.3 Sold or traded vehicles.** When selling or trading a vehicle, license plate must be deactivated and new vehicle added to the system. If a new license plate is issued, it must be registered before it will be valid with existing e-permits.

**5.4 Lost or stolen parking permits.** The university cannot be responsible for lost or stolen permits. Stolen permits should be reported to the police immediately. Replacement permits can only be purchased after signing form at Parking & Transit for one-half of the prorated fee. **Any vehicle displaying a lost, stolen, forged or altered permit is subject to criminal charges, a fine, towing at the owner's expense, and loss of parking privileges.** Fraudulent report will also result in fine and loss of parking privileges.

**5.5 Revocation of parking privileges.** Parking & Transit has a **no tolerance policy on cheating.** If you forge, alter, or steal any form of parking authorization, or use or display a permit that you have not purchased from the department, **your parking privileges will be revoked for one (1) year,** and a letter requesting disciplinary action will be sent to the Vice Provost for Student Success or Human Resources. This includes "passbacks" in the Allen Fieldhouse Garage or Mississippi Street Garage.

**7.0 Signs** are posted at the entrance of each parking area giving the designation, hours the area is controlled, and the zone color. Vehicles may only park in areas designated for parking. Remember, if the sign does not say you can, then you cannot. **Most parking lots are restricted year-round.**

During hours when an area is controlled, parking is restricted to vehicles with permits which authorize parking in that area or at paid meters. Reserved parking spaces are restricted according to the sign posted at each reserved parking space. **No vehicle, with the exception of those displaying a valid accessible placard/tag or a paid visitor permit, may park free of charge at any meter.**

**7.1 Parking lots/zones.** See table at right. **Parking lots are not intended for long-term storage** (see section 11.5).

**7.2 Long term meters.** Meters are available in limited locations on campus for time limits of **2 and 10 hours**. Meter rates are \$1.50 per hour, or \$.75 per hour in lots 301 and 302. Meters are enforced the same hours as the restrictions of the lot in which the meter is located, with the possibility of issuance of multiple tickets, once per hour.

**7.3 Loading zone meters.** All loading zone meters are for short-term use only, for **20 or 40 minutes** with the possibility of issuance of multiple tickets every 20 or 40 minutes. Rates are \$.50 for 20 minutes. **Faculty, staff and students may not park at delivery or visitor meters.**

**7.4 Other loading zones.** Designated by signs. Restricted twenty-four (24) hours. Non-metered loading zones require a special permit, limited to 20 minutes, issued at traffic control booth or Parking & Transit office. The **Allen Fieldhouse Garage** is located north of Allen Fieldhouse at Naismith Drive & Irving Hill Road, with one entrance on Irving Hill Road.

The **Mississippi Street Garage** is located north of the Kansas Union at 13th & Oread, with two entrances on Oread Avenue and Mississippi Street.

Payments may be made with cash, Visa, or MasterCard at the paystation in the elevator tower, or with Visa or MasterCard at the exit gates.

**8.2 Faculty, staff and students** are eligible to purchase permits for any of the three (3) garages. Permits valid in one garage only, not all of them (see section 5.6). ## 9. PARKING LOT CLOSURES (PREEMPTION)

**9.0 The Chancellor** of the University of Kansas or their designated representative is authorized to create, modify, or preempt parking in controlled areas of the campus. Any such area shall be manually controlled or posted with signs stating the type of permit or restrictions pertaining to the use of the area.

**9.1 Requests for parking lot preemptions** must be submitted by departments in writing to the Chancellor, detailing the nature of the event, date(s), time(s), and parking lot(s) involved. If the preemption is approved, details on staffing, costs and signage will be determined by Parking & Transit.

**9.2 Parking Lot Preemptions.** During major events (e.g. commencement, football, basketball), certain parking lots will be preempted. In general, preemptions will only take place after 5 p.m. on weekdays or at any time on Saturday or Sunday. In all cases, notice will be given in the form of a sign at each entrance to all affected parking lots at least two (2) days in advance of the preemption. Information about most preemptions can also be found on the Parking & Transit website. *Event parking fees make up approximately 15% of parking revenues, and help keep parking permit fees from increasing faster.*

## 10. VIOLATIONS

**10.0 Responsibility for violations.** The person in whose name a motorized vehicle is titled or the person who normally operates that vehicle shall be responsible for all tickets identified to the vehicle. If a parking permit is displayed, or the vehicle is registered for an e-permit, then the owner of the parking permit/e-permit shall be responsible for that ticket. **A \$10 late fee will be added to all tickets not paid within 14 calendar days.**

**10.1 City violations.** City of Lawrence ordinances shall cover moving violations on the university campus and may cover standing or parking violations on city streets within the campus.

**10.2 Disabled Vehicles. Immediately notify Parking & Transit or the Office of Public Safety if your vehicle becomes disabled on campus.** Failure to do so within one (1) hour of vehicle being disabled or issuance of

ticket will result in enforcement of all appropriate penalties. Disabled vehicles must be moved within forty-eight (48) hours of being reported. You may call 864-7289 or use our online form to [report a disabled vehicle](#).

**Abandoned Vehicles.** A vehicle will be considered abandoned if it appears undriveable (e.g. flat tires, broken windows, etc) and has not moved for five (5) or more days, regardless of valid license plate or permit. Abandoned vehicles will be towed after letter is sent to registered owner or permit holder, if they can be identified, stating date by which vehicle must be moved, unless vehicle is proven to be driveable.
